

INTERVAL HOUSE ANNUAL REPORT

Fiscal Years: 2013-14 & 2014-15

For nearly 40 years, we at Interval House have worked tirelessly to help prevent and break the insidious cycle of domestic violence and abuse. We have made great strides since those early years, helping more than 210,000 people in the Greater Hartford Area.

In this annual report, you will see how many people have been helped through our services. We have seen successful changes in the lives of the victims we serve, and we have been able to accomplish this through tough times while maintaining financial stability with your help.

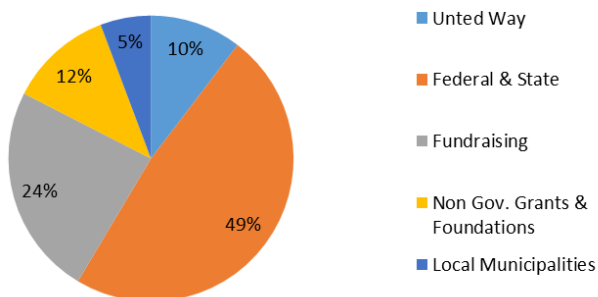

Someday we will be able to close our doors and silence our hotline phone once this social pandemic is cured and deemed -- by all society -- as unacceptable. Until then, we will continue to do all we can in the cause against domestic violence, no matter how long it takes. Thank you for all your continued generosity and support.
